

Bancroft Enrichment Program Spring 2010

**** NEW**** Spring Tennis Class is now being offered at Bancroft!

This is a beginner tennis class designed to introduce the fundamentals of tennis. It will focus on proper technique of the strokes, hand/eye coordination drills, good sportsmanship, game play and most of all fun!

Instructor: Kim McCann, a USPTA Tennis Professional, PE teacher as well as parent of two girls of Bancroft Elementary.

Afterschool Art

All new projects for this session, so students from previous sessions can continue the fun.

Let your child's imagination sparkle! KidzArt is a drawing-based art program that's fun, noncompetitive, and builds confidence. Students will use a variety of artist quality materials with no erasers because our philosophy is "it doesn't have to be perfect." Each class is a unique drawing-based art project that develops creative thinkers and problem solvers — never the same session twice! Each session meets the National Standards for Arts Education.

All materials are included, and every child takes home a professional Itoya 9"x12" portfolio.

Chess

Introduce your child to the elegant, centuries-old game of Chess! Studies have shown clear academic, social and cognitive benefits for chess-playing children; but most importantly it is fun. Students will learn how the pieces move, the rules of play and basic strategies. The class is a combination of individual and group instruction, all ability levels can participate and welcome. The class will include supervised play amongst the students with an emphasis on good sportsmanship. All materials provided. A second child from the same family is half-price.
