The Parent Faculty Club Welcomes You to a New School Year!

Studies show that the students who achieve and excel in school are the ones who are involved in their school community. Youth who are involved and engaged in their school community have higher test scores, build lasting friendships, make better choices and feel part of the school culture.

Parents also need to get and stay involved in their children's school community. There are so many ways that we, as parents, can make a difference for our students at Clayton Valley High School. **The CVHS Parent Faculty Club is one way to make that difference!** Every parent and guardian is a member of the Parent Faculty Club. We invite each of you to join us in promoting the welfare of the youth in our community and improving the culture at Clayton Valley High School.

How can you get involved? There are many ways to get involved and make a difference at Clayton Valley High School.

Your donation will directly affect the experience your student has at Clayton Valley High School. With your donation the CVHS Parent Faculty Club can continue to improve the culture at Clayton Valley High School.** A few of the areas supported by your donations include:

- **Academic Enrichment** including computer and technology upgrades; funding for a computer technician; and funding for library personnel that enables the library to remain open after school.
- **Student Development** including funding for drug and alcohol awareness programs and academic achievement recognition programs.
- **Faculty and Staff Support** including financial support for additional personnel; purchase of classroom supplies and funding of specific teacher requests.
